## DOMINANT FLAVOUR

Chocolate and Caramel

Like wine, coffee has wide ranging taste notes. Flavour is influenced by several factors from coffee varietal to soil, growing altitude, processing method and roasting.

More than just paying a fair price, Union Direct Trade means we work in partnership with farmers to improve both quality of coffee and livelihoods long-term.

\* To evaluate coffee, SCAA (Specialty Coffee Association of America) uses standardised International Quality Score. 80 points or more means you're enjoying a high quality speciality coffee.
